## Databases:

### Academic Search Premier

This database covers periodical literature on a broad variety of topics and contains substantial amounts of full text material.

### IE Engineering Village/Compendex

Comprehensive interdisciplinary engineering database. Coverage includes construction trade & scholarly literature.

### Avery Index to Architectural Periodicals

Indexes more than 2,000 periodicals published worldwide on architectural topics. Coverage is 1930s to the present with selective indexing back to 1860. Primarily concerned with architectural design, planning and history, but some building topics are covered.

### BuildingGreenSuite

Contains three research tools. Articles, reviews, and news from *Environmental Building News* (EBN) are integrated with product listings from the *GreenSpec* products directory and project case studies from the *High-Performance Buildings Database*.)

US Green Building Council Website <http://www.usgbc.org/>
