The (mill) water reservoir on the Lake from which we get our Light and water.

The Environment

The general surroundings are carefree, irresponsible, unattractive not conducive to home making.

The adults are immoral, highly sexed, profane—gambles. Few exceptions. Children in school are roguish, inclined to fight not very sociable in an intellectual way. General atmosphere is charged with gossip, lies, and combat. The tendency to roam the streets until late at night, prevails.
